**STATEMENT REGARDING SEQUENCE LISTING**

April 29, 2009

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

The raw sequence listing of April 27, 2009 objected to Applicants' description of the artificial sequence and requested clarification whether it was synthesized. In reply, Applicants submit a corrected Sequence Listing as .pdf and .txt (ASCII) files.

Kindly enter the attached paper and computer readable forms of the substitute Sequence Listing in lieu of the copy submitted on March 18, 2009. Their entry does not add new matter; their contents are the same.

The Examiner is invited to contact the undersigned if any further information is required.

Respectfully submitted,

**NIXON & VANDERHYE P.C.**
